

**DUE: DECEMBER 1, 2010**

**THE DELTA KAPPA GAMMA SOCIETY INTERNATIONAL  
CHI STATE**

To: Chapter Presidents and Legislative Chairman  
From: Carolyn Clark, Chi State Professional Affairs Committee  
Subject: Adopt-a-Legislator Program  
Date: Fall 2010

The goal of the Adopt-a-Legislator Program is to establish rapport and direct communication with an Assembly and/or Senate member. Legislators making decisions affecting education and women educators may receive valuable input from Chi State members through the exchange of professional information and ideas. This participation increases members' awareness of those important issues which affect their social, economic and political life.

Procedure for "adoption":

- Each Chapter selects Assembly and/or Senate members from its Area for "adoption."
- The Legislative Chairman, along with other interested members, serves to maintain communication with the legislators.
- Contact with legislators may include letters, faxes, e-mails, telephone calls, office visits, and invitations to attend or speak at Chapter meetings.
