

Chapter Rules Update

If you have **not** had a revision to your Chapter Rules since the summer of 2010, now is the time to form a revisions committee. Chapter Rules should be reviewed at least once during each biennium and membership on this committee should be rotated. **You will qualify for a point toward becoming an Honor Chapter if you send in your revisions to the Chi State Bylaws Committee during the current biennium (July 1, 2011 - February 1, 2013).**

The revisions to the International Constitution and Standing Rules, voted upon at the DKG Convention in Spokane, Washington, in 2010, affect your Chapter Rules. The changes made at the 2010 International Convention were sent to new Chapter Presidents via e-mail by late 2010. If you did not receive this information, contact Irene Kasai or Marian Van Wechel.

Please adjust your Chapter Rules to reflect the changes made at the 2010 International Convention.

It is important to provide each member with a copy of the revised rules when it is completed. The revised rules may be included in your Chapter's Yearbook/Directory or supplied electronically.

Need help? A template including Sample Chapter Rules is available on the Chi State Website www.chistateca.org. If further assistance is needed, the Chi State Bylaws Committee is ready to help.

Please e-mail your revised Chapter rules to the contacts listed below no later than February 1, 2012, if you wish to earn a point toward Honor Chapter status in 2012. This should be done on WORD and sent as an attachment. We will review your revised Chapter Rules and get back to you with further information. Feel free to contact either one of us if you have questions.
