Here's a chance to contribute to LIFE while at the same time contributing to Chapter and Area projects.

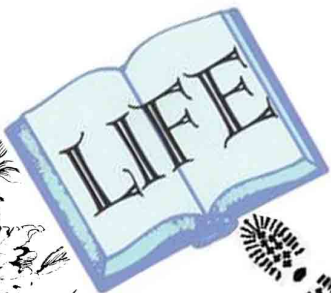

At the end of February, you will receive the ID number that will give LIFE credit for your purchases in March, plus a copy of a book plate to put in your books for Chapter and Area projects.

Read Across Chi State

Join in the fun by participating in The Read Across Chi State and purchasing the Read Across Chi State book and companion book in March at the Bookfair. In the spirit of the Victorian Era, there will be 3 clues given about the book between now and the end of February. Check the Chi State website under LIFE for the clue flyers.

There will be a book discussion and a possible chance to speak with the author at the Chi State Convention, May 4-6, 2012.

The secret of LIFE, is neither just cents nor dollars.
But, to foster support for millions of scholars.

As in most novels, inner conflict looms
our heroine digs in and deeper meaning blooms.
